

ARE YOU CARING FOR A CHRONICALLY ILL SPOUSE?

YOU ARE NOT ALONE - WE CAN HELP!

Peer-to-peer support for **spouses** and **partners** of
those with chronic illness or disability

- The Well Spouse® Association is the only national organization dedicated solely to the support of active and former spousal and partner caregivers.
- While those caring for an ill or disabled life partner face many of the same concerns and stresses faced by other family caregivers, spousal caregivers must confront many unique issues.
- WSA brings these caregivers together, so they can support each other.
